

Relax. Your data is safe with Kingston®.

Protect your data with Kingston's new security flash range.

Lost or stolen Flash drives can expose your company's sensitive data and lead to lost revenues and reputations. That's why you need to standardize on Kingston's DataTraveler® Locker, Vault and Vault-Privacy Edition USB Flash drives. The ingenious drives provide the highest level of security possible, to protect your company. And they're fast and easy to use, which means that employees will adopt them quickly and use them consistently.
